Subject:- Regarding procurement of Cement.

I am to invite your attention to Notification issued by the Govt. vide letter No. FDS.F (6)-5/90 dated 25th July, 1990 and Notification No. PBW (B&R) (B) 14(1)2000 dated 22/12/2000 and even this office letter No. PW-SP-Cement/2000-2989-3003 dated 27/12/2000 (copies enclosed) vide which it has been stipulated that the Cement required by the department is to be procured through Himachal Pradesh State Civil Supply Corporation Shimla.

It has come to the notice of undersigned that some Divisions are allowing contractors to procure cement from open market directly, to utilize on works, without the approval of the competent authority. As you are all aware the cement is issued by the Department to the contractor through established procedure, which is there to ensure that cement being issued is consumed on the specified work and the quality of ongoing works is ascertained. By allowing the cement procurement from open market directly for use on Government works, the chances of pilferages cannot be ruled out and this will effect the quality of the work. Moreover, the department procures the cement on concessional rates and for Govt. supplies cement is packed in differently coloured & stamped bags to check pilferages and misuse.

This is a very serious matter and immediate attention is required to be paid. It is therefore, reiterated that cement should only be procured through Himachal Pradesh State Civil Supply Corporation. The Executive Engineers concerned violating the above instructions will have to face ^{disciplinary} departmental action.
