All the Chief Engineers In HP PWD, Shimla

All the Superintending Engineers In HP PWD, Shimla

All the Executive Engineer In HP PWD, Shimla.

Subject:-

Regarding Bid Capacity Instructions thereof.

As you are well aware that in Public Works Department tender are being awarded to the Contractors according to their bid capacity and other criteria laid down in the bid documents. While calculating the bid capacity of the contractor, works which are awarded without GST and works which are awarded including GST are being considered for calculating bid capacity of the contractor. It has been observed that consideration of turnover including GST in those works which was awarded without GST is unnecessarily increasing the bid capacity of the Contractor, which is wrong practice.

Now it has been decided that the impact of GST will be considered for calculating bid capacity of the contractor in those works which are awarded including GST whereas the works awarded without GST, the effect of GST in turnover will not be considered for calculating the bid capacity of the contractor.

You are, therefore requested to look in to the matter personally and direct to field units working under your control to adhere the instruction with letter & sprit to avoid any litigation in later stage.
