D.O. 3-1/2022-NBM
Dated 7th February, 2023

Dear Chief Secretary,

I appreciate your efforts in onboarding key infrastructure departments onto "Call Before u Dig" (CBuD) Mobile app based on my letter dated 02-12-2022. The CBuD Mobile App is likely to be launched at National level by Hon'ble Prime Minister in mid-March. The State Government departments and agencies need to onboard contact details of all concerned officials of infrastructure utility asset owner agencies of the State/UTs in CBuD App to receive notifications of the enquiries made by other agencies/contractors/members of public likely to undertake excavation activities in public places enabling them to safeguard the assets from damages during excavation. **All agencies intending to carry out excavations (Government or private) need to be mandated by the States/UTs by notification to carry out any type of excavation / digging only after prior intimation through CBuD App.**

2. DoT has issued "Indian Telegraph (Infrastructure Safety) Rules, 2022" (ITIS Rules, 2022) on 03rd January, 2023, which mandates to use Portal or Mobile App and casting liability on excavator / excavation agencies to notify any likely excavation through the app to the telegraph / telecom licensee owning or managing telegraph infrastructure. Any damage caused due to negligence and liable to pay damage charges. (Copy of rules enclosed). CBuD App is supported by these provisions.

3. It may be noted that CBuD App is utility agnostic and supports any utility asset owner, viz., Water pipeline, Sewerage, Gas / Petroleum pipeline, Electric Cables, etc. owned / managed by various State Departments/ Agencies. To support technical features of CBuD App for other utilities, State/UTs may also come out with similar rules mandating excavators to inform State utility agencies also through CBuD App prior to commencement of excavation activity.

4. In view of above, it is requested that States/UTs may adopt ITIS Rules, 2022 and notify similar rules or make amendments to the existing rules. State/UT are also requested to direct all State Departments to configure contact details of their concerned officers in CBuD App and mandate all excavating agencies to onboard themselves on the CBuD App before 28th February 2023. A list of Departments/Agencies who may be onboarded on CBuD app is attached.

With regards,

Yours Sincerely

(K. Rajaraman)
