| 1      | Earth work in excavation by mechanical means (Hydraulic excavator)/manual means over areas (exceeding 30 cm (Thirty centimetre) in depth, 1.5 m (One point five metre) in width as well as 10 sqm (ten Square Metre) on plan) including getting out and disposal of excavated earth all lead and lift as directed by Engineer-in-charge and sorting out useful and unuseful material and transportation of the unuseful material for disposing at dumping site (To be arranged by the contractor) as per satisfaction of Engineer- in -charge through all modes of transportation including head load ,animal load or mechanical means along with its leveling fine dressing and with all kinds of labour, machineries, tools equipments and safety measures and incidentals necessary to complete the work by mechanical means and labour ( if required ) Any loss to the public and private propriety, human being, machinery during the course of execution and disposal of serviceable and unserviceable materials shall be the absolute responsibility of the contractor and shall have to be duly compensated by him in all respects including all incidental charges. (i)All kinds of soil                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 2.00        | Cum |                |          | Per Cubic Metre |        |
| 2      | Earth work in excavation by mechanical means (Hydraulic excavator) / manual means in foundation trenches or drains (not exceeding 1.5 m (One point five metre) in width or 10 sqm (ten Square Metre) on plan) in all kinds of soil. including dressing of sides and ramming of bottoms including setting out, construction of shoring and bracing, removal of stumps and other deleterious materials and disposal in all leads and lifts work of rock cutting by blasting shall be carried out by taking all necessary precautions against soil erosion damage to hill side water pollution etc. and to protect stability of hill side rock shall be excavated with chiseling and wedging out rock (where blasting is prohibited) all earth work in cutting/ excavation including rock excavation shall be carried out true to lines grades, side slopes, width , camber super elevation and level as shown on the drawings or as directed by the Engineer-in-charge hauling and stacking of materials useful for construction at suitable sites and safe disposal of unsuitable cut materials in specified dimension or as directed by the Engineer-in-Charge. If the foundation of the structure is in an area with stagnant water or water is met with in the excavation due to spring seepage rain and other causes it shall be remove by suitable diversion bailing out or pumping as directed and the area of the foundation or embankment shall be kept dry. All the surplus excavated earth to be dumped at dumping site(dumping sites will be arranged by the contractor on his own cost).Any loss to the public or private property during the course of excavation shall be the sole responsibility of the contractor which shall have to be dully compensated by him at his on cost in all cases. including carriage of materials in all leads and lifts as per the directions of the Engineer-in-Charge. | 5.72        | Cum |                |          | Per Cubic Metre |        |

|   |                                                                                                                                                                                                                                                                                                                                                                                                                                                     |       |     |  |  |                   |
|---|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|-----|--|--|-------------------|
| 3 | Providing and laying concrete for plain/reinforced concrete in open foundations complete as per drawing and technical specification clauses 802,803,1202 and 1203 including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. ( a)Cement Mortar 1:6:12(1cement:6sand:12graded stone agg.40mm nominal size).                                                                                                 | 5.72  | Cum |  |  | Per Cubic Metre   |
| 4 | Providing and laying concrete for plain/reinforced concrete in open foundations complete as per drawing and technical specification clauses 802,803,1202 and 1203 including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) Cement Mortar 1:4:8(1cement:4sand:8graded stone agg.20mm nominal size).                                                                                                   | 13.72 | Cum |  |  | Per Cubic Metre   |
| 5 | Backfilling behind abutment, wing wall and return wall complete as per drawings & technical specification Clause 1204.3.8 including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i)Granular material                                                                                                                                                                                                  | 1.80  | Cum |  |  | Per Cubic Metre   |
| 6 | Providing weapholes in brick masonry / stone masonry /plain reinforced concrete abutment, wing wall, return wall with 100 mm (One hundred milimetre) dia PVC pipe extending through the full with of the structures with slop of 1(v):20(H) towards drawing face complete as per drawing and technical specification clauses 614, 709, 1204.3.7 including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. | 3.00  | Rmt |  |  | Per Running Metre |
|   |                                                                                                                                                                                                                                                                                                                                                                                                                                                     |       |     |  |  | <b>Total</b>      |

  
 Executive Engineer,  
 Shimla Division No.1,  
 HP PWD Shimla-3.

## SCHEDULE OF QUANTITY

Estimated Cost:- 98,353.00  
Earnest Money :- 2,000.00  
Time:- 30 Days.

**Tender Inviting Authority : EXECUTIVE ENGINEER SHIMLA DIVISION No-1, H.P.P.W.D., SHIMLA-3.**  
**Name of Work :- A/R & M/O various residential Qtrs.Brock Hurst Shimla-2 (SH: Providing and laying chequered tile in Shutter and minor repair etc. in servant Qtrs. set No.73 & 74 at Brock Hurst Shimla-2).**

| Sr. No | Description of Work / Item (S)                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | No. of Qty. | Estimated Rate |          | Unit             | Amount |

|        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |             | In figures     | In words |                  |        |
| 1      | Demolition above G.L. upto floor two level including disposal of unserviceable materials within 20 metres lead including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.(a)un-reinforced cement concrete upto 15cm. Thickness                                                                                                                                                                                                                                     | 1.20        | Cum            |          | Per Cubic Metre  |        |
| 2      | Providing and laying concrete 1:3:6 (1 cement : 3 sand :6 graded stone aggregate 20mm nominal size)and curing complete excluding cost of form work including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.(i) Foundation and plinth.                                                                                                                                                                                                                            | 0.73        | Cum            |          | Per Cubic Metre  |        |
| 3      | Precast chequered tiles hydraulic compressed 20 mm thick without marble chips of specified sizes laid of floors treated of steps and landings on a bed of 25mm average thickness of cement mortar 1:6(1cement:6sand) jointed with neat cement slurry mixed with pigment to match the shade of tiles (wherever required) including rubbing and polishing complete with tiles of following shades including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i)GREY | 42.28       | Sqm            |          | Per Square Metre |        |
| 4      | Providing and fixing panelled glazed or panelled and glazed shutters for doors windows and clerestory windows. Including black enamelled iron butt hinges with necessary screws including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 40mm thick i)2nd class deodar wood.                                                                                                                                                                                 | 7.56        | Sqm            |          | Per Square Metre |        |
| 5      | Providing and fixing wire gauge shutters using galvanised M.S. wire gauge of I.S. gauge designation 85 G. with wire of dia 0.56 mm for doors windows and clerestory windows including bright finished black enamelled iron hinges with necessary screws including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.(i) 40mm thick 2nd class deodar wood.                                                                                                            | 7.56        | Sqm            |          | Per Square Metre |        |
| 6      | Providing and fixing anodized aluminum sliding door bolts anodized colour and shade with bolts and nuts screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 250x16mm (two hundred fifty into sixteen milimetre)                                                                                                                                                                                                                    | 8.00        | Nos            |          | Each             |        |
| 7      | Providing and fixing aluminium tower bolts (berrel type) anodized trans parent or dyed to required shade and colour with screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i) 200x10mm                                                                                                                                                                                                                                              | 8.00        | Nos            |          | Each             |        |

| 8  | Half brick masonry with non modular fly ash bricks of class designation 10, conforming to IS : 12894, in super structure above plinth and upto floor V level. (i) Cement mortar 1 : 4 (One cement : four coarse sand) including carriage of materials in all leads and lifts as per directions of the Engineer-in-charge.                                                                                                                                                                                                                                                                                                            | 0.36 | Sqm |  |  | Per Square Metre  |  |
| 9  | Brick work with common burnt clay F.P.S. (non modular) bricks of class designation 7.5 (seven point five) in superstructure above plinth level up to floor V level in all shapes and sizes in (i) Cement mortar 1 : 4 (One cement : four coarse sand) including carriage of materials in all leads and lifts as per directions of the Engineer-in-charge.                                                                                                                                                                                                                                                                            | 0.05 | Cum |  |  | Per Cubic Metre   |  |
| 10 | Tile work in skirting, risers of steps and dado up to 2 m (two metre) height over 12 mm (twelve millimetre) thick bed of cement mortar 1 : 3 (One cement : three coarse sand) and jointed with grey cement slurry @ 3.3 kg/sqm, including pointing in white cement mixed with pigment of matching shade complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-charge. (i) 8 mm (eight millimetre) thick                                                                                                                                                                               | 9.73 | Sqm |  |  | Per Square Metre  |  |
| 11 | Providing and laying rectified Glazed Ceramic floor tiles of size 300x300 mm (three hundred into three hundred millimetre) or more (thickness to be specified by the manufacturer), of 1st quality conforming to IS : 15622, of approved make, in colours White, Ivory, Grey, Fume Red Brown, laid on 20 mm (twenty millimetre) thick cement mortar 1 : 4 (one Cement: four Coarse sand), jointing with grey cement slurry @ 3.3 kg/sqm including grouting the joints with white cement and matching pigments etc., complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.     | 4.47 | Sqm |  |  | Per Square Metre  |  |
| 12 | Providing and laying vitrified floor tiles in different sizes (thickness to be specified by the manufacturer) with water absorption less than 0.08% and conforming to IS: 15622, of approved make, in all colours and shades, laid on 20mm (twenty millimetre) thick cement mortar 1:4 (One cement : four coarse sand), jointing with grey cement slurry @ 3.3 kg/ sqm including grouting the joints with white cement and matching pigments etc., complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i) Size of tile 600x600mm (six hundred into six hundred millimetre) | 3.18 | Sqm |  |  | Per Square Metre  |  |
| 13 | Providing and fixing to wall ceiling and floor galvanised mild steel tubes (medium grade) tube fittings and clamps including making good the wall ceiling and floor including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 15mm (fifteen millimetre) nominal bore.                                                                                                                                                                                                                                                                                                                  | 6.00 | Rmt |  |  | Per Running Metre |  |

|    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |       |     |  |                  |  |

| 14 | Centering and shuttering including strutting, propping etc. and removal of form for : including carriage of materials in all leads and lifts as per directions of the Engineer-in-charge. (i) Shelves (Cast in situ)                                                                                                                                                                                                                                                                                                                                       | 0.72  | Sqm |  | Per Square Metre |  |
| 15 | Steel reinforcement for R.C.C. work including straightening, cutting, bending, placing in position and binding all complete upto plinth level including carriage of materials in all leads and lifts as per directions of the Engineer-in-charge. (i) Mild steel and Medium Tensile steel bars                                                                                                                                                                                                                                                             | 5.54  | Kg. |  | Per Kilo-gram    |  |
| 16 | Reinforced cement concrete work in beams, suspended floors, roofs having slope up to 15° landings, balconies, shelves, chajjas, lintels, bands, plain window sills, staircases and spiral stair cases above plinth level up to floor five level, excluding the cost of centering, shuttering, finishing and reinforcement with 1:1.5:3 (One cement : One part five coarse sand) : three graded stone aggregate 20 mm (twenty millimetre) nominal size) including carriage of materials in all leads and lifts as per directions of the Engineer-in-charge. | 0.05  | Cum |  | Per Cubic Metre  |  |
| 17 | Providing & fixing wood work in frames of doors, windows, clerestory windows and other frames wrought framed and fixed in position including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 2nd class Deodar wood.                                                                                                                                                                                                                                                                                          | 0.02  | Cum |  | Per Cubic Metre  |  |
| 18 | Providing and fixing paneled glazed or paneled and glazed shutters for doors windows and clerestory windows including black enameled iron butt hinges with necessary screws including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 40mm thick i) 2nd Class Deodar Wood.                                                                                                                                                                                                                                   | 1.35  | Sqm |  | Per Square Metre |  |
| 19 | Providing and fixing wire gauge shutters using galvanised M.S. wire gauge of I.S. gauge designation 85 G. with wire of dia 0.56 mm for doors windows and clerestory windows including bright finished black enamelled iron hinges with necessary screws including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. 40mm thick 2nd class deodar wood                                                                                                                                                               | 0.26  | Sqm |  | Per Square Metre |  |
| 20 | Applying priming coat over new wood and wood based surfaces after and i/c preparing the surface by thoroughly cleaning oil, grease dirt and other foreign matter sand papering and knotting including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) Ready mixed paint brushing wood primer pink.                                                                                                                                                                                                           | 10.00 | Sqm |  | Per Square Metre |  |
| 21 | Painting two coats (excluding coat) on new wood and wood based surface with enamel paint to give an even shade including cleaning the surface of dirt, dust and other foreign matter, sand papering & stopping including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) With white enamel paint.                                                                                                                                                                                                            | 10.00 | Sqm |  | Per Square Metre |  |

|    |                                                                                                                                                                                                                                                                                          |       |     |  |  |                   |
|----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|-----|--|--|-------------------|
| 22 | Providing and fixing aluminium handles anodized transparent or dyed to required colour & shade with necessary screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i) 125mm                                         | 4.00  | Nos |  |  | Each              |
| 23 | Providing and fixing anodized aluminum sliding door bolts anodized colour and shade with bolts and nuts screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 250x16mm (two hundred fifty into sixteen milimetre) | 2.00  | Nos |  |  | Each              |
| 24 | Providing and fixing aluminum tower bolts(barrel type)anodized transparent or dyed to required shade and colour with screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. ( a) 200x10mm                              | 2.00  | Nos |  |  | Each              |
| 25 | Providing and fixing bright finished or/ and black enamelled iron (Helical door spring 150mm) including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                        | 2.00  | Nos |  |  | Each              |
| 26 | Providing and fixing bright finished brass handles with screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 100 mm                                                                                              | 5.00  | Nos |  |  | Each              |
| 27 | Providing and fixing 19mm thick water proof commercial board in shelves/box for cup board with butt joints & fixing with nails & screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                | 2.40  | Sqm |  |  | Per Square Metre  |
| 28 | Providing and fixing ply wood lining with but jointing and nails (frame work and cover fillets to be measured and paid for separately) including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 6mm thick.                                | 3.60  | Sqm |  |  | Per Square Metre  |
| 29 | Providing and fixing 19mm thick commercial board water proof shutters for cup boards including fixing with nickel plated piano hinges with screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                      | 3.60  | Sqm |  |  | Per Square Metre  |
| 30 | Providing and fixing magnetic Catchers ISI marked with necessary screws etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                | 5.00  | Nos |  |  | Each              |
| 31 | Providing and fixing square edges cover fillets (beading) 19mmx6mm section i/c mitring at junctions with wood screws and nails complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 1st class Indian teak wood               | 10.00 | Rmt |  |  | Per Running Metre |

|    |                                                                                                                                                                                                                                                                                                                                                                   |       |      |  |  |                   |  |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|------|--|--|-------------------|--|
| 32 | Providing and fixing 1.00mm thick coloured or plain lamination sheet (sunmica) on boards/ply wood sheets with approved adhesive and nails etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                       | 5.40  | Sqm  |  |  | Per Square Metre  |  |
| 33 | Providing and fixing cast iron floor trap of self cleaning design with sand cast iron crewed down or hinged grating without vent arm complete including cost of cutting and making goods the walls and floors including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge (i) 75mm nominal diameter                        | 3.00  | Nos  |  |  | Each              |  |
| 34 | Providing and fixing high pressure PVC spigot and socket, waste and ventilating pipes ISI marked including fixing with approved adhesive etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. a) 110 mm dia.                                                                                         | 6.00  | Rmt  |  |  | Per Running Metre |  |
| 35 | Providing and fixing PVC plain bend ISI marked including fixing with approved adhesive etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 110 mm dia                                                                                                                                           | 2.00  | Nos  |  |  | Each              |  |
| 36 | Providing and fixing PVC collars ISI marked including fixing with approved adhesive etc. complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 110mm dia                                                                                                                                               | 2.00  | Nos  |  |  | Each              |  |
| 37 | Painting one coat (excluding priming coat) on previously painted wood and wood based surfaces with enamel paint to given and even shade including cleaning of all dirt, dust and other foreign matter sand papering and stopping including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) With white enamel paint. | 50.00 | Sqm  |  |  | Per Square Metre  |  |
|    | b) With enamel paint other than white                                                                                                                                                                                                                                                                                                                             | 50.00 | Sqm  |  |  | Per Square Metre  |  |
| 38 | Extra over item No.37 for every subsequent coat of paint on previously painted wood and wood based surfaces with enamel paint brushing including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) With white enamel paint.                                                                                           | 25.00 | Sqm. |  |  | Per Square Metre  |  |
|    | b) With enamel paint other than white                                                                                                                                                                                                                                                                                                                             | 25.00 | Sqm. |  |  | Per Square Metre  |  |
| 39 | Painting one coat (excluding priming coat) on previously painted steel and other metal surfaces with enamel paint brushing to give an even shade including cleaning the surface of all dirt, dust and other foreign matter including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. | 40 | Extra over item No. 39 for every subsequent coat of paint including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) With white enamel paint                                                                                                                                                                                                                                           | 5.00   | Sqm |  |  | Per Square Metre |
| 41 | Distemping with oil bound washable distemper of approved brand and manufacture to give an even shade including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i) Old work (One or more coats)                                                                                                                                                                                           | 100.00 | Sqm |  |  | Per Square Metre |
| 42 | Removing dry or oil bound distemper by washing and scraping and sand papering the wall surface smooth including necessary repairs to scratches complete including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                         | 100.00 | Sqm |  |  | Per Square Metre |
| 43 | Providing and laying marble work (Table rubbed and polished) in flooring 20mm thick base in cement mortar 1:3 (Cement:3sand) including jointing with cement mortar 1:2(1 white cement: 2 marble dust) with an admixture of pigment to match the shade of the marble. 20mm thick white green marble including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                              | 0.72   | Sqm |  |  | Per Square Metre |
| 44 | Providing and fixing vitreous China Hind ware IS marked IS No. 2556 or equivalent wash basin with single hole for pillar tap with C.I. or M.S. brackets painted white including cutting holes and making good the same but excluding fitting including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) Flat back :- (i) 550 X 400 mm (five hundred fifty into four hundred milimetre) | 1.00   | No  |  |  | Each             |
| 45 | Providing and fixing stainless steel kitchen sink of approved standard ISI make with drain board and C.P. waste with C.I. or M.S. Brackets painted white including cutting holes and making good the same but excluding fitting. (a) 610 x 510 mm (six hundred ten into five hundred ten milimetre) with bowl depth 200 mm(two hundred milimetre).                                                                                  | 1.00   | No  |  |  | Each             |
| 46 | Providing and fixing C.P. brass waste for wash basin or sink including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.(a)32 mm(thirty two milimetre) dia                                                                                                                                                                                                                                  | 1.00   | No  |  |  | Each             |
| 47 | Providing & fixing 32 mm (thirty two milimetre) dia, PVC waste pipe for wash basin or sink including check nut including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                                                                  | 1.00   | No  |  |  | Each             |
| 48 | Providing and fixing 100mm C.P. grating for gully, floor or Nahni trap including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                                                                                                          | 4.00   | Nos |  |  | Each             |
| 49 | Providing and fixing looking mirror of superior glass with plastic frame including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                                                                                                        | 1.00   | No  |  |  | Each             |
| 50 | Providing and fixing C.P. Brass Towel rail complete with C.P. Brass brackets fixed to wooden plugs with C.P. brass screws including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i) 600mm x 20mm                                                                                                                                                                                      | 2.00   | Nos |  |  | Each             |
| 51 | Providing and fixing Acrylic shelf with C.P. brass bracket and guard rail complete, fixed to wooden plugs with C.P. brass screws including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                                                | 2.00   | Nos |  |  | Each             |
| 52 | Providing and fixing C.P. Brass bib tap with capstan head including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i) 15mm dia                                                                                                                                                                                                                                                          | 3.00   | Nos |  |  | Each             |

|    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |      |      |  |  |              |  |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|------|--|--|--------------|--|
| 53 | Providing and fixing C.P Brass pillar tap with Capstan head including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i) 15mm dia                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | 1.00 | No   |  |  | Each         |  |
| 54 | Providing and fixing C.P. brass angle valve 15mm without Nuts and pipe including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | 4.00 | Nos  |  |  | Each         |  |
| 55 | Providing and fixing PVC connection with brass unions including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (a) 450mm length (i) 15mm nominal bore.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | 4.00 | Nos. |  |  | Each         |  |
| 56 | Providing and fixing wall mixer arrangement including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | 1.00 | No   |  |  | Each         |  |
| 57 | Providing and fixing wash basin mixer arrangement including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | 1.00 | No   |  |  | Each         |  |
| 58 | Providing and fixing sink mixer arrangement including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | 1.00 | No   |  |  | Each         |  |
| 59 | Providing and fixing PTMT Coloured / white high density polythelene / poly propylene 10 litres capacity ( full flush) European standard control low level flushing cistern with fittings with a pair of brackets with fittings such as lead valve, syphon, 15mm nominal size PVC ball valve with polythene float, with push button, couplings for connections with inlet, outlet and ovr flow pipe, 40mm dia C.P. flush bend including cutting holes in walls and making good the same and connecting the flush bend with cistern and closet (overflow pipe to be measured and paid for separately) including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. | 1.00 | No   |  |  | Each         |  |
| 60 | Providing and fixing plastic seat (Solid / Hollow type) and cover for wash down water closet with C.P. Brass hinges and rubber buffers including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge.<br>1 SOLID TYPE A) White plastic seat and cover.                                                                                                                                                                                                                                                                                                                                                                                                             | 1.00 | No   |  |  | Each         |  |
| 61 | Providing and fixing vitreous china wash down water closet (European type W.C. pan) with integral P or S strap including jointing the trap with soil pipe in cement mortar 1:1 (One cement:one sand) (seat and cover to be measured and paid for separately) including carriage of materials in all leads and lifts as per directions of the Engineer-in-Charge. (i) Ordinary closet                                                                                                                                                                                                                                                                                                                    | 1.00 | No   |  |  | Each         |  |
|    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |      |      |  |  | <b>Total</b> |  |

  
 Executive Engineer  
 Shimla Division No. 1  
 HPPWD Shimla

# DRAFT SCHEDULE OF QUANTITY

Estimated Cost:- 4,91,894.00

Earnest Money :- 9,900.00

Time:- 30 Days.

Tender Inviting Authority : EXECUTIVE ENGINEER SHIMLA DIVISION No-I, H.P.W.D., SHIMLA-3.

Name of Work :- ~~At Rajhana to Barad colony road~~ Km 0/00 to 1/330 .( SH:- Repair of

Damaged Road between Rd. 0/00 to 1/330).
