SCHEMATIC OF G.I. ANCHITY
(SH: Construction of G.I. wire crate at RD. 4/620 to 4/640)

Estimated cost Rs. 193178.00
Earnest money Rs. 4000/-
Time limit :- one month

Sr. No.	Description of items	Qty.	Rate in Figures	Words	Unit	Amount
1	Earth work in excavation for all type of road structure such as retaining walls, breast walls, culverts, drains and parapets etcetera in all type of classification of soil comprising of ordinary soil, ordinary rock, hard rock chiseling /wedging out rocks (Where blasting is prohibited) as per drawings and M.O.R.D. technical specification clause 305.1 and disposal of materials upto any lead and upto any lift including dressing of sides and bottom and back filling in trenches with excavated suitable approved material to the original surface in layers not exceeding 150mm compacted thickness including shoring and strutting and pumping and bailing out water (surface and sub soil water) upto any depth and any quantum of water including cleaning of slush which may arise out during dewatering as per entire satisfaction and as per the direction of Engineer-in-Charge including carriage of materials within all leads and lifts.	15.60 cubic meter			Per cubic meter	
2	Providing and laying of boulder apron laid in wire crates with 4mm dia G.I. wire conforming to 1:S:280 and 1:S 4826 in 100 mm x 100mm (hundred into hundred) mesh (woven diagonally) including 10% extra for lapse and joints laid with stone boulders weighting not less 25 kg. (twenty five kilogram) each as per drawing and technical specifications clause 1301 as per directions of the Engineer-in-charge The rates including octroi, royalty, malkana, toll tax, G.S.T or any other taxes imposed by the Government	62.50 Cubic meter			Per cubic meter

1	Earth work in excavation for all type of road structure such as retaining walls, breast walls, culverts, drains and parapets etcetera in all type of classification of soil comprising of ordinary soil, ordinary rock, hard rock chiseling /wedging out rocks (Where blasting is prohibited) as per drawings and M.O.R.D. technical specification clause 305.1 and disposal of materials upto any lead and upto any lift including dressing of sides and bottom and back filling in trenches with excavated suitable approved material to the original surface in layers not exceeding 150mm compacted thickness including shoring and strutting and pumping and bailing out water (surface and sub soil water) upto any depth and any quantum of water including cleaning of slush which may arise out during dewatering as per entire satisfaction and as per the direction of Engineer-in-Charge including carriage of materials within all leads and lifts.	27.00 cubic meter			Per cubic meter	
2	Providing form work with steel plates 3.15mm(three point one five millimeters)thick welded with angle iron in frame 30x30x5mm(thirty into thirty into five millimeters),so as to give a fair finish including centering, shuttering, strutting and propping etcetera with wooden battens and ballies, height of propping and centering in all heights below supporting floor to ceiling and removal of the same for in situ reinforced concrete and plain concrete work in column, pillar posts etc including carriage of materials within all leads and lifts.	51.12 square meter			Per square meter	
3	Providing and laying mechanically mixed and vibrated cement concrete for plain / reinforced concrete in open foundation for all type of structure complete of plain cement concrete grade M-10 (M-ten) nominal mix 1:3:6 (one cement: three sand: six graded /crushed stone aggregate 40mm) (forty millimeters) nominal size in or under water and curing complete including pumping, or bailing out water, dewatering, removal of slush, as required at site which may arise at the time of laying under water complete for all heights / depths including cost of form work as per drawings and M.O.R.D. technical specifications clause 802, 803, 1202 and 1203 as per directions of Engineer-in-charge and including carriage of material within all leads and lifts and other incidental . The rate including of octroi, royalty, Malkana, toll tax, G.S.T or other taxes imposed by the Government	32.40 cubic meter			Per cubic meter	
4	Providing and laying cement concrete 1:2: 4 (one cement; two sand four graded /crushed stone aggregate 20mm (twenty millimeter) nominal size) mixed and vibrated mechanically so as to give a compressive strength corresponding to grade M-20(M-twenty) and curing complete excluding cost of form work and reinforcement for reinforced concrete work in columns, pillars, posts and struts in all depths/ thickness up to all floor level including carriage of material within all leads, lifts and other incidental charges . The rate inclusive of Royalty, Malkhana, Octroi, Toll Tax, GST or any other taxes	4.43 cubic meter			Per cubic meter	

5	imposed by the Government. Brick work using Second class common burnt clay buildings bricks in super-structure above ground level to all floor level in cement mortar 1:6 (one cement : six sand) and curing complete as per approved drawing, design and specifications and as per directions and entire satisfaction of the Engineer-in-Charge including carriage of material within all leads, lifts and other incidentals. The rate is inclusive of octroi, royalty, malkhana, toll tax, sale tax, GST or any other taxes imposed by the Government.	16.80 cubic meter	Per cubic meter	
6	Providing and laying mild steel reinforcement for reinforcement cement concrete work including bending, binding and placing in position complete in all heights including cost of binding wire and carriage of materials within all leads and lifts.	285.02 Kilogram m	Per kilogram	
7	Steel work welded in built up sections trusses and framed work composed of beams, joist, channels, angles, Tee-flats, with connecting plates or angle cleats etcetera as in trusses, and trussed purlins main and cross-beams, hips and jack rafters, purlins connecting to common rafter and the like in building including cutting, fixing, lifting, hoisting and placing in position complete and applying a priming coat of red lead paint complete including carriage of materials within all leads and lifts. The rate inclusive of Royalty, Malkhana, Octroi, Toll Tax, GST or any other taxes imposed by the Government a) In trusses and trussed purlins in buildings.	216.25 Kilogram m	Per kilogram	
8	15mm (fifteen millimeters) thick cement plaster with cement mortar 1:6 (one cement is to six sand) in single coat on fair side of brick/concrete/stone walls for interior plastering up to all floor level including arises, internal rounded angles, chamfers and/or rounded angles in all girth and finished even and smooth complete as per approved drawing, design specifications and as per directions and entire satisfaction of the Engineer-in-Charge including carriage of material within all leads, lifts and other incidentals. The rate is inclusive of octroi, royalty, malkhana, toll tax, GST or any other taxes imposed by the Government.	267.12 square meter	Per square meter	
9	Finishing walls (one or more coats) with weather proof cement paint applied at the rate 2.20 kg (two point two zero kilogram) per 10 sqm.(ten square metre) over the plastered wall surface to previously prepare the surface even and smooth complete and as per approved drawings, design and as per directions of Engineer in charge including carriage of materials within all leads and lifts.	267.12 square meter	Per square meter

Painting two or more coats(excluding priming coat) on new steel and other metal surfaces under coat with ready mixed paint brushing to give an even shade including cleaning the surfaces of all dirt, dust, and other foreign matter, with ready mixed paint other than white including carriage of materials with in all leads and lifts. The rate inclusive of Royalty, Malkhana, Octroi, Toll Tax , GST or any other taxes imposed by the Government.	7.56 square meter			Per square meter	
4.	Distempering (two or more coats) with oil bound washable distemper of approved brand and manufacture and of required shade on undecorated wall surfaces to give an even shade over and including a priming coat with distemper primer of approved brand and manufacture after thoroughly brushing the surface free from mortar droppings and other foreign matter and also including preparing the surface even and sand papered smooth, priming coat with distemper primer, including carriage of materials within all leads and lifts. The rate includes, royalty charges, octroi, sale tax, malkana and all other taxes as imposed by the Government.	49.64 Square Metres			Per Square Metre	

<p>Providing and fixing Powder coated aluminium work for doors, windows, ventilators and partitions with extruded built up standard tubular sections/ appropriate Z sections and other sections of approved make conforming to IS: 733 and IS: 1285, fixing with dash fasteners of required dia and size, including necessary filling up the gaps at junctions, i.e. at top, bottom and sides with required EPDM rubber/ neoprene gasket etc. Aluminium sections shall be smooth, rust free, straight, mitered and jointed mechanically wherever required including cleat angle.</p> <p>Aluminium snap beading for glazing / paneling, C.P. brass / stainless steel screws, all complete as per architectural drawings and the directions of Engineer-in-charge. (Glazing, paneling and dash fasteners to be paid for separately) complete as per architectural drawings and the directions of Engineer-In-Charge, complete including carriage of materials within all leads and lifts and other incidental charges. The rate inclusive of Royalty, Malkhana, Octroi, Toll Tax, GST or any other taxes imposed by the Government.</p>	74.99 kilograms			Per kilograms		
<p>6. Providing and fixing 12 mm thick prelaminated particle board with decorative lamination on both sides Flat pressed three layer or graded wood particle board conforming to IS: 12823 Grade I Type II, in paneling fixed in aluminium doors, windows shutters and partition frames with C.P. brass / stainless steel screws etc. complete as per architectural drawings and directions of engineer-in-charge The rate inclusive of Royalty, Malkhana, Octroi, Toll Tax, GST or any other taxes imposed by the Government</p>	1.45			Per square metre		
<p>7. Providing and fixing Glazing with float glass panes of 4mm (four millimeter) thickness of mod guard / Sanit gobain in aluminium door, windows, ventilators shutters and partitions etcetra with PVC / neoprene gasket etcetra complete as per architectural drawing and as per directions of Engineer in charge including carriage of materials within all leads and lifts and other incidental charges. The rate inclusive of Royalty, Malkhana, Octroi, Toll Tax, GST or any other taxes imposed by the Government</p>	5.67 square meter			Per square metre		
<p>8. Providing & fixing galvanized M.S Wire gauze with 0.63 mm dia wire and 1.4 mm aperture on both side fly proof wire gauze to window, clerestory & doors with Mild steel Flat 15x3 mm and nuts & bolts complete, as per directions of Engineer-in-charge including carriage of materials with in all lead and lifts and other incidental charges</p>	7.47 square meter			Per square meter		
<p>9. Providing and fixing anodized aluminium sliding door bolts anodized Transparent or dyed to required colour and shade with bolts and nuts necessary screws etc. complete including carriage of materials within all leads, lifts and other incidental Charges. The rate includes, royalty charges, octroi, G S T, malkhana and all other taxes as imposed by the Government. 250x16mm (Two hundred fifty into sixteen millimetres)</p>	2.00 Number			Each		

10	Providing and fixing anodized aluminium sliding door bolts anodized Transparent or dyed to required colour and shade with bolts and nuts necessary screws etc. complete including carriage of materials within all leads, lifts and other incidental Charges. The rate includes, royalty charges, octroi, G S T , malkana and all other taxes as imposed by the Government. 250x16mm (Two hundred fifty into sixteen milimetres)	16.00 Number				Each	
11	Providing and fixing aluminium handle anodized transparent or dyed to required colour and shade with necessary screws etcetera complete including carriage of materials with in all leads and lifts The rate inclusive of Royalty, Malkhana, Octroi, Toll Tax , GST or any other taxes imposed by the Government. a) 125mm (one hundred twenty five millimeter).	18 No				Each

SCHEDULE OF QUANTITY

Name of work: Construction of link road Khajjarian to Bassu Kudhian (Gujjar Basti) road Km 0/0 to 3/0
(SH:- C/O Retaining wall at RD 1/485 to 1/498 Ht 4.27 and edge wall at RD 1/425 to 1/465 Ht 1.20 mtr.)

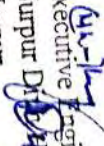

Estimated:-Rs. 440559.00

Earnest Money :- Rs. 10000.00

Time Limit:- Two Month

Sr. No	Description of Items	Quantity	Rate		Unit	Amount
			In figure	In Words		
1	Earth work in excavation for all type of road structure such as retaining walls, breast walls, culverts, drains and parapets etcetera in all type of classification of soil comprising of ordinary soil, ordinary rock, hard rock chiseling /wedging out rocks (Where blasting is prohibited) as per drawings and M.O.R.D. technical specification clause 305 and as per direction / entire satisfaction of the Engineer- In - Charge including setting out, and including dressing of sides and bottom and back filling in trenches including cleaning of slush which may arise out during dewatering as per direction of Engineer-in-Charge. Including carriage of materials within all leads and lifts and other incidental.	63.28 cubic meter			Per cubic meter	
2	Providing and laying mechanically mixed and vibrated plain cement concrete in open foundation for all type of structure complete of plain concrete nominal mix 1 : 5 : 10 (one cement: five sand : ten graded crushed stone aggregate 40mm (forty millimeters) nominal size in or under water including curing complete and pumping or bailing out water, dewatering, removal of slush as required at site which may arise at the time of laying under water complete for all heights/depts in Retaining walls and Breast walls etcetera including the cost of form work complete in all respect as per drawing and technical specification clause 802,803,1202,1203 and as per the direction of the Engineer-in-Charge and carriage of material within all leads, lifts and other incidental . The rate including octroi, royalty, Malkana, toll tax, G.S.T or other taxes imposed by the Government	77.22 cubic meter			Per cubic meter	
3	Providing and laying mechanically mixed and vibrated plain cement concrete nominal mix 1 : 3 : 6 (one cement : four sand : eight graded crushed /broken stone aggregate 40mm (forty millimeter) nominal size in open foundation . in or under water including pumping or bailing out water, dewatering, removal of slush as required at site, which may arise at the time of laying under water complete as per drawings and M.O.R.D. technical specifications Clause 802, 803, 1202, and 1203 and as per the direction of the Engineer-in-Charge and carriage of material within all leads, lifts and other incidental . The rate including octroi, royalty, Malkana, toll tax, G.S.T or other taxes imposed by the Government	30.00 cubic meter			Per cubic meter	
4	Back filling with stone boulder behind abutment, retaining walls, and return walls etc. compacted to firm condition complete as per drawing and M.O.R.D. technical specifications clause 1204.3.8 as per directions of Engineer-in-charge and including carriage of material within all leads and lifts and other incidental . The rate including of octroi, royalty, Malkana, toll tax, G S T or other taxes imposed by the Government	13.26 cubic meter			Per cubic meter	
	Government					

5	Providing and laying 100mm (One hundred millimeter) dia P.V.C. pipe weep holes in brick masonry/ stone masonry, plain/reinforced concrete abutment, wing wall, return wall and retaining/breast walls extending through the full width of the structures with slope of 1(V): 20(H) (one vertical : twenty horizontal) towards drawing face complete as per drawing and M.O.R.D. technical specifications clause 614, 709, 1204.3.7 and as per direction of Engineer – in- Charge including carriage of materials within all leads and lifts and other incidental ..	14.00 Number						Each

1	Earth work in excavation for all type of road structure such as retaining walls, breast walls, culverts, drains and parapets etcetera in all type of classification of soil comprising of ordinary soil, ordinary rock, hard rock chiseling /wedging out rocks (Where blasting is prohibited) as per drawings and M.O.R.D. technical specification clause 305 and as per direction / entire satisfaction of the Engineer- In - Charge including setting out, and including dressing of sides and bottom and back filling in trenches including cleaning of slush which may arise out during dewatering as per direction of Engineer-in-Charge. Including carriage of materials within all leads and lifts and other incidental.	63.28 cubic meter			Per cubic meter	
2	Providing and laying mechanically mixed and vibrated plain cement concrete nominal mix 1 : 3 : 6(one cement : four sand : eight graded crushed /broken stone aggregate 40mm (forty millimeter) nominal size in open foundation . in or under water including pumping or bailing out water, dewatering, removal of slush as required at site, which may arise at the time of laying under water complete as per drawings and M.O.R.D. technical specifications Clause 802, 803, 1202, and 1203 and as per the direction of the Engineer-in-Charge and carriage of material within all leads, lifts and other incidental . The rate including octroi, royalty, Malkana, toll tax, G.S.T or other taxes imposed by the Government	30.00 cubic meter			Per cubic meter	
3	Construction of unreinforced , without dowel jointed at expansion and construction joint only, plain cement concrete pavement thickness as per design, over a prepared sub base, with 43 (forty three) grade cement or any other type as per clause 1501.2.2) M-30 (M- grade, coarse and fine aggregates conforming to IS: 383: maximum size of course aggregate not exceeding 25 mm (twenty five millimeters), mixed in a concrete mixer of not less than 0.2 cum (zero point two cubic meter) capacity and appropriate weight batcher using approved mixed design, laid in approved fixed side form work (steel channel laying and fixing of 125 (one hundred twenty five) micron thick polythene film, wedges, steel plates including leveling the form work as per drawing) spreading the concrete with shovels, rakes, compacted using needle, screed and plate vibrators and finished in continuous operation including provision of contraction and expansion , construction of joints, applying depending, strips, primer, sealant dowel admixtures as approved curing of concrete slabs for 14 days using curing compound (where specified) and water finishing to lines and grade as per drawing and technical specifications clause 1501 and M.O.R.D. technical specifications Clause 802, 803, 1202, and 1203 and as per the direction of the Engineer-in-Charge and carriage of material within all leads, lifts and other incidental . The rate including octroi, royalty, Malkana, toll tax, G.S.T or other taxes imposed by the Government	27.00 cubic meter			Per cubic meter	

4	Providing and laying mechanically mixed and vibrated plain cement concrete nominal mix 1 : 4 : 8 (one cement : four sand : eight graded crushed /broken stone aggregate 40mm (forty millimeter) nominal size in open foundation . in or under water including pumping or bailing out water, dewatering, removal of slush as required at site, which may arise at the time of laying under water complete as per drawings and M.O.R.D. technical specifications Clause 802, 803, 1202, and 1203 and M.O.R.D. technical specifications Clause 802, 803, 1202, and 1203 and as per the direction of the Engineer-in-Charge and carriage of material within all leads, lifts and other incidental . The rate including octroi, royalty, Malkana, toll tax, G.S.T or other taxes imposed by the Government	12.80 cubic meter			Per cubic meter	
5	Providing and laying of ISI Marks inter locking concrete block pavement having thickness 80mm (eighty millimetre thick) over sand base as per drawing and technical specification clause 1504 and M.O.R.D. technical specifications Clause 802, 803, 1202, and 1203 and as per the direction of the Engineer-in-Charge and carriage of material within all leads, lifts and other incidental . The rate including octroi, royalty, Malkana, toll tax, G.S.T or other taxes imposed by the Government	128.00 Number			Each
