1	Painting Steel work (including priming coat) with Deluxe multi surface paint of Nerolac / Asian to give an even shade two or more coat applied @ 0.90 ltr/10 sqm (Zero point ninety litre per ten square metre) over an under coat of primer applied @ 0.80 ltr/10 sqm (Zero point eighty litre per ten square metre) of approved brand and manufacture including cleaning the surfaces of all dirt, dust and other foreign matter complete as per Architectural drawing, design and specification including entire carriage of materials within all leads, lifts and other incidentals and as directed by the Engineer-in-Charge. The rate is inclusive of octroi, royalty, Malkana, Toll tax, sale tax, GST and any other taxes imposed by the Government.	63.48 Square metres			Per square metre	
2	Painting Steel work (including priming coat) with Deluxe multi surface paint of Nerolac / Asian to give an even shade two or more coat applied @ 0.90 ltr/10 sqm (Zero point ninety litre per ten square metre) over an under coat of primer applied @ 0.80 ltr/10 sqm (Zero point eighty litre per ten square metre) of approved brand and manufacture including cleaning the surfaces of all dirt, dust and other foreign matter complete as per Architectural drawing, design and specification including entire carriage of materials within all leads, lifts and other incidentals and as directed by the Engineer-in-Charge. The rate is inclusive of octroi, royalty, Malkana, Toll tax, sale tax, GST and any other taxes imposed by the Government.	43.50 Square metres			Per square metre	
3	Providing and fixing drainage spouts complete with 100mm ( one hundred millimeter) dia galvanised mild steel down pipe corrosion resistant structural steel grating complete as per drawing and MORD technical specifications section 1400 and as per the direction of Engineer-in- Charge including carriage of materials within all leads, lifts and other incidental . The rate is including octroi, royalty, Malkhana, toll tax, GST or other taxes imposed by the Government.	12.00 Nos.			Each	
4	Providing and laying in position cement concrete of specified grade including the cost of centering and shuttering - All work up to plinth level cement concrete 1:5:10 (One cement, five sand; ten graded broken/crushed stone aggregate 40mm (Forty millimetres) nominal size mechanically mixed and curing complete including carriage of material within all leads, lifts and other incidentals as per specifications, approved drawing, design, specifications and as directed by the Engineer-in-charge.	56.28 Cubic metres			Per cubic metre	
5	Providing and laying in position cement concrete of specified grade including the cost of centering and shuttering - All work up to plinth level cement concrete 1:4:8 (One cement, four sand; eight graded broken/crushed stone aggregate 20mm (Twenty millimetres) nominal size mechanically mixed and curing complete including carriage of material within all leads, lifts and other incidentals as per specifications, approved drawing, design, specifications and as directed by the Engineer-in-charge.	10.33 Cubic metres			Per cubic metre	

5

6	Backfilling behind abutment, wing wall and return wall complete as per drawings and technical specification Clause 1204.3.8, complete including carriage of material within all leads, lifts and other incidentals as per specifications, approved drawing, design and as directed by the Engineer-in-charge.	23.80	Cubic metres	
7	Providing weepholes in brick masonry/stone masonry, plain/reinforced concrete abutment, wing wall, return wall with 100 mm dia PVC pipe extending through the full width of the structures with slope of 1(V):20(H) towards drawing face complete as per drawing and technical specifications clauses 614, 709, 1204.3.7 complete including carriage of material within all leads, lifts and other incidentals as per specifications, approved drawing, design, specifications and as directed by the Engineer-in-charge.	24.00	Running metre	
8	Construction of embankment with approved materials obtained from borrow pits free from Pebbles/Stones with a lift upto 1.5m (One point five meters) transport to sill spreading grading to required slope and compacted to meet requirement of Tables 300.1 and 300.2 with a lead upto 1000m (One thousand meters) as per Technical Specification Clause 301.5, including entire carriage of materials within all leads, lifts and other incidentals.	38.40	Cubic metres	
9	Providing, laying, spreading and compacting stone aggregate size 53mm to 22.4mm (fifty three millimeter to twenty two point four millimeter) Grading-II size [75mm] seventy five millimeters) compacted thickness] to water bound macadam specification including spreading in uniform thickness using template, hand packing, rolling with three wheel 80-100 (eighty-Hundred) K.N. static roller in stages to proper grade and camber, applying and brooming, stone screening type-B of size 11.2mm (eleven point two millimetres) nominal size at the rate of 0.18cum (zero point eighteen) cubic metres per 10 Sqm (per ten square metres) and to fill up the interstices of coarse aggregate, watering and compacting to the required density as per technical specifications Clause No. 405 and as per direction of Engineer-in-Charge including carriage of material within all leads, lifts and other incidental.	6.83	Cubic metres	
10	Providing and laying in position cement concrete of specified grade including the cost of centering and shuttering - All work up to plinth level cement concrete 1:2:4 (One cement; two sand; four graded broken/crushed stone aggregate 20mm (Twenty millimetres) nominal size mechanically mixed and curing complete including carriage of material within all leads, lifts and other incidentals as per specifications, approved drawing, design, specifications and as directed by the Engineer-in-charge.	15.93	Cubic metres
