HPPWD Shimla

Subject:- e-mail/SMS alerts to Contractors at the time of uploading the tenders on portals

I am directed to intimate that it has been observed that most of tenders through e-procurement are either non responsive or single tenders are received and this may be because of contractors are not aware or don't receive information of active tenders on our tender portals. In order to get more responsive tenders, it has been decided that at the time of uploading, contractors of area may also be informed through e-mail or bulk SMS.

2. In this regard, a press notice was inserted vide this office letter of even file no 11049-11129 Dt 3.11.11 in the press for the information of contractors for submitting the Mobile number & e-mail address to e-procurement cell. But only three e-mail address were received. **You are requested to maintain a data bank of the e-mail address of contractors and at the time of uploading the tenders on the site, these contractors may be informed through e-mails.** The contractors may be advised to indicate their e-mail/mobile no at the time of renewal of registration/ up gradation.

Nodal officer
e-procurement
HPPWD Shimla

Copy To:-

1. Principal Secretary (PW) to H.P Govt for information.
